

RECOGNITION OF MEXICO OPPOSED

Green Castle, Pa., July 12.—(By the Associated Press.)—Warning against premature recognition of the new Mexican government was given by Henry P. Fletcher, former ambassador to Mexico, in a letter to Baltimore Colby, secretary of state, today. That in no case should the recognition of the de la Huerta regime be other than that of a de facto character.

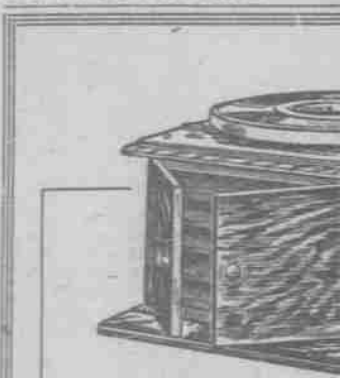

Mr. Fletcher's letter resulted from negotiations between the state department and Dr. Iglesias Calderon, Mexican high commissioner to the United States, regarding recognition of the new Mexican government.

Mr. Fletcher suggested that before any recognition was extended there be an informal agreement that American citizens would not be deprived of their property rights without compensation and that such property as they were thus deprived of during the Carranza regime would be returned.

Mr. Fletcher was the American ambassador to Mexico during the Carranza administration but resigned several months ago because of a disagreement with the American government's policy toward Mexico.

Doctor Tells How to Strengthen Eyesight

By the simple use of Bon-Opto, says Dr. Lewis, I have seen eyesight strengthened and 3000 cases of nearsightedness, farsightedness, and astigmatism brought to normal, aching, burning, work-strained, watery eyes. TRUCK CONVOY DUE IN AUGUST

A motor transport convoy of more than 20 motor trucks, accompanied by 180 officers and men of the United States army, making a tour of inspection of the Bankhead highway, will arrive in El Paso about August 21. The convoy is being sent on its transcontinental trip by the war department and will be under the command of Col. John Franklin.

At each army post town through which they convey passes the commanding officer of the camp or district will be in command of the guard of honor. The 20 or more officers and the prominent civilians in the town will be entertained by chambers of commerce and other civic organizations.

Arrangements for the reception of the convoy will be made here within a few days. Dr. C. W. Kelly, general field manager for the Bankhead highway, was in El Paso Monday and a luncheon was given for him at the chamber of commerce. Dr. Kelly outlined the plan and purpose of the convoy. He said the officers would report on the work that had been done on the route and if the government was satisfied with the report it meant an expenditure of \$1 million which the various states would share.

Within a year, the field manager predicted, El Paso will be linked up with Toxigana by a continuous, hard surfaced road. Four-fifths of the road is financed now and one fifth built, he said.

The hosts to Dr. Kelly were R. Bart Orndorff, who presided; Gen. Robert L. Howe, A. M. Lockhart, W. R. Roe, E. A. Noland, L. A. White, A. W. Norcorp, Ray Shelton, Sam Gillett and Rev. Fuller Swift.

TWO ARIZONA CONVICTS KILLED BY EXPLOSION
Phoenix, Ariz., July 12.—Two are dead as the result of Miguel Nones, a convict in the force of prisoners engaged in the building of the Miami-Superior highway, touching a match to a trail of powder, detonating a charge of high explosive, according to report received at the governor's office today. Another convict named Miranda was fatally injured, while a third convict was badly injured, the report said.

TEXAS IS STRONG FOR COX, ASSERTS GOVERNOR HOBBS
That Texas Democrats will stand behind Cox, in spite of the fact that they "stuck by McAdoo to the last," was the statement of governor W. P. Hobby, who spent a short time in El Paso Sunday. He stated that the Texas Democrats put up a strong fight for the son-in-law of the president and that a swinging away from him was not seriously considered.

"Texas will be absolutely for Cox," said Hobby. "We got a fair deal when we lost for McAdoo and have no kick to make, because of majority of the Democrats thought Cox best fitted to lead the party and their will should prevail."

The governor declined to discuss the Mexican situation, saying, as he said, that the country was in a state of confusion and that he had not had an opportunity to familiarize himself.

COX PROMISES FARMER AN AGRICULTURAL SECRETARY
Enryon, Okla., July 12.—Governor James M. Cox, the Democratic presidential nominee, returned today to the executive offices at Columbus, where his first meeting with Franklin D. Roosevelt, the vice presidential nominee, was scheduled.

A real dirt farmer will be the next secretary of agriculture if the Democratic party is successful at the November election, according to a statement made by governor Cox.

Former congressman T. T. Ansherry, of Washington arrived yesterday for the first time in El Paso and gave the presidential nominee first hand details of the convention activities.

Mr. Ansherry told the governor that the credit for the victory goes to R. H. Moore, of Youngstown, his pre-convention manager.

Mr. Ansherry told newspaper representatives that the contest at San Francisco was between McAdoo, Palmer and Cox, and not between the administration and Cox. No announcement as to discussion of campaign plans was made.

WOMEN NEEDED AS CLERKS
AT ELECTIONS ON JULY 24
Women of El Paso are urged to volunteer to serve as clerks at the primary elections July 24, according to Mrs. O. O. Critchett, president of the El Paso League of Women Voters, who is receiving applications from those willing to serve. She asks further volunteers to call her by telephone, 854. It is imperative that these clerks be recorded soon. About 25 have already volunteered, but two are needed for each of the 25 precincts.

SPECIAL ELECTION CALLED
ON TINTON DISTRICT TAX
For the purpose of deciding the proposed increase of the maintenance tax of the Tinton district from 10 to 15 cents, a special election will be held on July 24. The election is being called by Judge E. R. McClintock and is being held in the Tinton district, which is located in the northern part of the county.

NUMBER OF DOG LICENSES
BREAKS ALL CITY RECORDS
More than 2500 city dog licenses for 1920 have been paid, breaking all records for the same length of time, according to officials at the city tax office today.

Of that number, 145 were paid after the dogs had been impounded, with the result that the owner was forced to dig up a pound fee and "keep" for his canine.

POOL IN PARK READY SOON

With work on the Washington Park bathing pool and beach well started, the indications are that it will be completed and ready for use within 30 days, according to announcement of alderman Martin Sweeney Monday.

The pool, measuring 200 feet wide by 50 feet long, will be one of the largest artificial natatoriums in the country.

At present, 20 teams are making the excavation, which involves the removal of about 4000 cubic yards of dirt. A sand bottom will then be placed, as a wide sand beach running the length of the pool will complete the task. Water will be supplied through the irrigation canals.

Plans are to make a small charge, probably 10 cents, for supplying suits. Mr. Sweeney says, those having their own suits being given use of the pool free.

SWIMMING POOL PRICES CRITICIZED; MAY BE CUT
Criticism of rates charged by the semi-private swimming pool at Washington Park since it opened last Saturday night probably will result in the rates being ordered lowered by the city council, according to statement of acting mayor R. C. Sample Monday.

The matter was discussed with owners of the franchises Monday morning but definite orders were not issued.

Mr. Sample suggested that an admission charge of 25 cents be placed, with 10 cents extra for use of the pool where the bathers supplied their own suit, and 15 cents where it was supplied by owners of the franchises with other charges being allowed for towels.

The present rates charged, 50 cents for admission and 25 cents more for bathing privileges, have resulted in much criticism, Mr. Sample said.

DISAGREEMENT HALTS PARLEY

(Continued from page 1.)
that a certain sum should be agreed upon, after the payment of which Germany should be completely free. The payment of this sum should be arranged in various amounts; that it should be worked out and that it should not be absolutely regular in character, because it is impossible to estimate the economic position of Germany for the next 50 years.

Part 2.—The German government's suggestion for rebuilding the war destroyed districts are in the common interests of all peoples because the danger of a feeling of hatred and a race for revenge will not disappear so long as this has not been done.

The German government has, therefore, although not restrained by the peace treaty to do so, undertaken participation in the rebuilding of those districts.

Upon this basis a German commission in September, 1919, made a hurried decision, according to the German government is willing to undertake the rebuilding of the greater part of the destroyed regions in France. The German government has also considered the help required. It recommends in the commission that an international syndicate be formed, in which all states shall participate in the restoration of the industrial and agricultural regions, as well as means of transportation and in the rebuilding of houses, former residences or for new settlers.

This syndicate shall deal with contractors and engage laborers from all allied and neutral countries as well as from Germany. The profits from all work of this kind shall be reasonable and contractors and laborers shall be treated on an equal basis, whether Germans or not.

To Begin Payments.
Part 3 deals with Germany's obligation under article 258, paragraphs 1 and 4, and appendix 1, part 1, of the peace treaty, to deliver materials for the immediate restoration of the territories affected by the war. The value of which is reckoned as part of what is owing to reparations.

The note says that the reparations committee has not yet established what is to be delivered in the way of cattle, tools and raw materials, or what entire factories are to be restored, but that Germany is ready to make these deliveries to the extent which her resources will permit.

The German government proposes a rather intricate plan of organization of its own industries in the various states of Germany, for the purpose of making these deliveries.
